New Delhi, the 1st March 1956

S.R.O. 704.—In pursuance of the provisions of Rule 13(4) of the Indian Cotton Cess Rules, 1923, framed under Section 15 of the Indian Cotton Cess Act, 1923 (No. XIV of 1923), the Central Government hereby publish the audited accounts of "Receipts and Expenditure" of the Indian Central Cotton Committee for the year ending 31st March, 1954, alongwith the auditor's report.

PART I—AUDIT REPORT

The audit of the accounts of the Indian Central Cotton Committee maintained by the Secretary, Indian Central Cotton Committee, Bombay and the Director, Technological Laboratory, Matunga, Bombay, for the year 1953-54, were audited locally between the 19th August, 1954, and the 1st October, 1954.

PREVIOUS AUDIT

2. (a) *Para. 4 of the Audit Report for 1951-52: Investment and Creation of Sinking Fund.*—There is still a balance of Rs. 31,828-2-0 in this account as on 31st March, 1954. As this amount represents interest, the same may please be transferred to the proper head of account. There is no necessity of maintaining any Sinking Fund Account now. On maturity of the Burma Government Bonds in the year 1955 the same may be sold with the sanction of the proper authority and the difference between the cost price and the sale realisation of the bonds can be adjusted under the existing head of account "Profit or loss on sale of securities".

(b) *Para. 5(a) ibid.—Imprest from Pakistan.*—Further communication in the matter is awaited.

(c) *Para. 9 ibid.*—Further communication in the matter is waited and may please be expedited.

3. (a) *5(b) of Audit Report for 1952-53.*—The "Cotton Cess Register" maintained by the Office of the Secretary, Indian Central Cotton Committee, Bombay, shows two columns for each month viz. (i) "Amount due as per Statement A" and (ii) "Amount credited in the Bank Statement". The register however, does not indicate the date and month of credit on account of dues in respect of a particular month. If the dates and months of credit are shown in respect of all the entries, it will be possible to find out whether any mills or collectors have delayed remittance of the dues beyond proper time. It is, therefore, suggested that the actual dates and months of credits in the Bank in respect of dues of particular months should be indicated in the "Cotton Cess Register". The statement showing the amount assessed in respect of consumption of cotton in mills, the amount due on cotton exported out of India, the amount actually credited to the committee's account and balance to be credited as on 31st March every year may please be prepared for the year 1953-54 and onwards, as promised, and produced for audit early.

(b) *Para. 5(d) ibid.*—A list showing some instances of the schemes in respect of which statements of accounts for 1951-52 and 1952-53 have not been received yet (till the last date of audit viz. 1st October, 1954) is appended to this report. The outstanding statement of accounts may please be obtained very early from the schemes concerned. It may please be stated why payments to these schemes are continued to be made during 1953-54 and 1954-55 as these schemes have failed to satisfy the conditions of the grants paid to them during 1951-52 and 1952-53. In respect of the schemes, for which the statements for the year prior to 1953-54 have been received, it may please be certified whether the same are scrutinised and accepted finally by the Indian Central Cotton Committee.

(c) *Para. 6 ibid.*—The work of agreement of the individual balances with that shown in the statement of accounts as on 31st March, 1953 and 31st March, 1954 is stated to be in progress. Final compliance in the matter is awaited.

CURRENT AUDIT

4. The administration charges and the grants made to some Research Stations are met from the funds collected by levy of a cess on all cotton consumed in the mills in India or exported from the Indian Ports. The cess was continued to be charged at annas -/4/- per bale of 400 lbs. avoirdupois as per clause 3 of the Indian Cotton Cess Act, 1923. Expenditure on account of grants made to schemes connected with cotton Funds is met from the money available from cotton fund. All the grants are made with the Prior approval of the Government of India. The Committee has got a balance of Rs. 12,82,703-13-6 as on 31st March, 1954 in respect of grants of previous years, which have been invested in Government Securities along with the cotton cess collections made by the Indian Central Cotton Committee.

It is pointed out that the interest due to Government on the balances of the cotton fund invested by the Indian Central Cotton Committee has not yet been worked out and credited to Government. Immediate action in this respect may please be taken.

5. Receipts and payments on account of the Indian Cotton Committee and the Provident Fund Account for 1953-54 prepared on the basis of the transactions with the Imperial Bank of India is appended to the report duly checked and certified in audit.

(a) *Cotton Cess receipts.*—The total amount of cess collected through the Imperial Bank of India during the year 1953-54 is Rs. 11,07,353-2-4. In the absence of necessary records it could not be verified that all the dues collected by the collectors as cotton cess receipts from the mills, factories or exporters during the year have been brought to account.

On the basis of annas -/4/- per bale the total collection of Rs. 11,07,353-2-4 during 1953-54 represents cess on approximately 44,29,400 bales. From the statistical information as collected by the office of the Secretary, Indian Central Cotton Committee, Bombay, it is stated that 47,10,699 bales (45,15,000 mills consumption plus 1,95,699, exports out of India have been consumed by mills or exported out of India on which cess is leviable. Allowing some margin for cess collections which may be in transit and some loose cotton bales, the difference of 2,81,299 bales on which cess has not been recovered is very large and it is requested that the causes for such large difference may please be looked into and the difference reconciled as far as possible.

(b) *Cotton cess Collection Register.*—(i) From a general review of the postings made in this register for the year 1952-53 and 1953-54 it is noticed that a large amount is in arrears (*vide* a few instances given at appendix A to this report).

(ii) It is also seen (*vide* a few details at appendix B to this report) that there are many blank columns in this register, in respect of collections due from mills or exporters and the collections remitted in the Bank.

(iii) There are instances in which recoveries of cotton cess from mills are discontinued and pencil remarks to the effect that the mills are closed, are made without proper attestations. The reference of the collector concerned who might have intimated the closures of the mills concerned not quoted.

The cess register is an important register concerning the revenue of the Committee and requires special attention. It is neither signed by any responsible person in token of the correctness of the entries made nor reviewed by any responsible official. It is suggested that the book may please be attested and reviewed from time to time by a responsible officer with a view to avoid delays

in postings and expediting the collections or mills concerned to furnish details in time. All the old registers may please be reviewed and the exact amount of arrears of cess collection as on 31st March, 1954 worked out yearwise and reported to the Indian Central Cotton Committee and the Government of India for information and orders, under intimation to audit.

(c) During the year under report investments in Government of India loan 6 per cent. Bombay Municipal Bonds 1954, 4½ per cent. Government of India loans 1955–60 and 3 per cent. Government of India Loan 1957 of the face value of Rs. 6,36,600 were sold for Rs. 6,27,614-13-0 the cost paid being Rs. 6,30,454. The net loss sustained on the sale of the loan amounted to Rs. 2,839-3-0. The balance-outstanding in the sinking fund amounted to Rs. 31,828-2-0.

(d) *Grant to Research Stations.*—The total amount of grants made to Agricultural Research Stations during the year 1953-54 amounted to Rs. 11,37,926 as against Rs. 7,18,672 for the year 1952-53. Clause 15 of the Indian Cotton Cess Act, 1923, requires the Research Stations to furnish at the close of every financial year statements showing sums allotted to them actual expenditure incurred thereon, outstanding liabilities. The number of such statements received for the year 1953-54 is nil. Steps may please be taken to obtain the requisite statements for the year 1953-54 and kept ready for verification by audit next time.

(e) *Closing balance Rs. 44,55,893-10-8.*—This amount is made up of the following:—

(a) Cash in the current account of Imperial Bank of India as per cash journal.	Rs. 81,835-0-8
(b) Imprest with various authorities.	Rs. 6,015-0-0
(c) Investment in Govt. Securities and loans.	Rs. 43,65,578-2-0
(d) Suspense account.	Rs. 2,485-8-0

TOTAL ... Rs. 44,55,893-10-8

The market value of the above securities on 31st March, 1954 amounted to Rs. 41,41,203-2-0. There is thus a deficit of Rs. 2,24,375 which is brought to the notice of Government.

6. *Provident Fund.*—During the year under report contribution from the subscribers amounted to Rs. 54,988-1-0 and the committee's contributions to Rs. 54,988-1-0. The amount collected as interest on securities amounted to Rs. 8,391-5-5 which is set aside for distribution to the accounts of subscribers. The balances outstanding in the accounts of subscribers amounted to Rs. 9,77,944-8-5 but out of this the market value of investments in the Government securities amounted to Rs. 9,13,086-14-0 and the balance in the Imperial Bank of India, Bombay, amounted to Rs. 64,857-10-5 (Rs. 325-6-3 in the Savings Bank Account and Rs. 64,532-4-2 in the Current Account). The statements of individual balances of the subscribers account agreeing with the balance shown in the statements of account on 31st March, 1954 were not available for audit. The same may please be prepared and kept ready for verification at the time of next audit.

7. It will be noticed from a few instances mentioned in appendix "C" attached to this report that amounts in excess of the original amounts sanctioned by Government have been paid to the schemes during the year 1953-54. The excess amounts, it is stated, represent the amounts due in respect of previous years additional amounts due as per revised estimates prepared by the committee for the current year etc. As all the audited statements of accounts were not received in respect of all the schemes for the past years, it may please be stated how payments on account of sanctions for previous years, which might not have been utilised by the schemes during the years for which they were sanctioned, have been made without obtaining specific sanction of Government of India. It is seen from the available correspondence in the office of the Secretary, Indian Central Cotton Committee, Bombay, that revised budget estimates have been sent to the Government of India (vide Secretary, I.C.C.C., Bombay's letter No. A.6/2580, dated 13th March, 1954 to the Government of India) but their approval has not yet been received. The sanction when received may please be communicated to audit for information. It may please be stated on verification of audited statements for the past years when received, whether any schemes which were sanctioned in previous years have been paid and expended during the year 1953-54.

In the absence of any register showing the schemes sanctioned by the Government of India, the duration of each scheme, the sanction of Government for the particular year, the share of expenditure payable by the Committee, the amount

actually paid during the year, the excess amount paid and recoverable or the short payment made and payable during the next year etc., it could not be verified during audit whether all the payments made during the year 1953-54 to the respective schemes, were in order. It is suggested that a maintenance of a register in the ledgerised form attached to this report may please be considered with modifications, if necessary. The final closure of any scheme may also be noted in a column or in the remarks column with information about action taken to recover the balance due, if any, and Committee's share of the assets, stores etc, recoverable from the schemes. At present audit is unable to find out readily which schemes have been closed during the financial year under audit and whether necessary action is taken to recover the committee's portion of dues recoverable from the closed schemes. It should also be seen that the entries made in the register proposed above are attested by a responsible officer in token of the correctness of the same.

The register mentioned above may please be written up from 1st April, 1953 taking into consideration the schemes which existed on that date. The register will be reviewed by audit at next audit.

8. (a) Revised budget estimates for 1953-54 (cotton cess) have been sent by the Secretary, Indian Central Cotton Committee, Bombay, to the Government of India, under his No. A.1024, dated 17th January, 1954 and the same have been approved by the Government of India under the Ministry of Food and Agriculture (Agri.) letter No. F.1-11/54-Com.II, dated 9th March, 1954.

It is noticed that after the revised budget estimates for 1953-54 were sanctioned by the Government of India, some more reappropriations as given below were sanctioned by the Standing Finance Sub-Committee.

Head of Account.	Revised estimates as Sanctioned by the Govt. of India.	Amount after Sanction of reappropriation by the S. F. S. C.	Amount reappropriated and remarks.
"A" Administration	Rs. 282654	Rs. 286654	*Rs. 4000 (* Transferred to this head from D. Printing, Publicity and Distribution.)
"D" Printing, Publicity and Distribution	19100	15100	—do—

The above reappropriations sanctioned by the Standing Finance Sub-Committee were not communicated to the Government of India for approval. It was stated that they were sanctioned by the Standing Finance Sub-Committee under Rule 12(e) of the Rules made under section 15 of the Indian Cotton Cess Act, 1923. It is presumed that the above two heads affecting the reappropriations are minor heads and not major heads of accounts. This may please be confirmed pointing out the relevant orders in which the clear classifications of major heads, minor heads and detailed heads have been indicated.

(b) A few instances of excess expenditure over the budget grants are detailed at Statement "D" appended to this report. The excess may please be reported specifically to the Government of India for information pointing out the source from which they have been met.

9. It will be noticed from the details given at appendix "E" to this report that the Imperial Bank of India has delayed adjustments of recoveries on account of interest on the securities to the accounts of the Committee for nearly 2 months and over from the due dates of actual recoveries of interest. Had the interest been recovered and credited to the accounts of the committee promptly the committee could have saved some expenditure on payment of interest on overdrawals. The Bank may please be requested to see that the interest is adjusted in future with the least possible delay.

10. During the year 1953-54 an amount of Rs. 98-9-2 has been paid on account of interest on overdrawals from the Bank. It was explained that the overdrawals could not be anticipated and as such no prior action could be taken for the exact amount as overdrawals. In this connection it is pointed out that the cash journal is being closed only once in a month after the Bank Schedules for the month are received. If arrangements are made to obtain the Bank Schedules daily and the cash journal is closed daily the Secretary or the Assistant Secretary

who will sign the cash journal will be in a position to know in time when the committee would be overdrawing funds from the Bank and it would be in a position to consider in time how payments on account of interest on overdrawals could be saved. It is, therefore, suggested that the cash journal may please be closed every day by calling for the Bank Statements daily.

11. In the absence of any authentic statement showing the rates of pay and allowances admissible to the permanent and temporary establishment as on 1st April, 1952 and 1st April, 1953 the correctness of the salaries drawn by the staff and the increments drawn by them during 1953-54 could not be verified readily. The establishment is more or less governed by the provisions in the Fundamental and the Supply Rules. It is therefore suggested that early in April every year, detailed statements, one for the permanent establishment and the other for the temporary establishment as on 1st April, may please be prepared and submitted to the Standing Finance Sub-Committee for approval. In this connection a reference is invited to General Financial Rule 119 and the forms suggested therein may be used with advantage.

12. *Dead Stock Register.*—An inventory of deadstock articles is required to be maintained in conformity of para. 154 of General Financial Rules, Vol. I. The register maintained at present in the Secretary's office is not in a proper form and is also not articlewise. The articles of deadstock as and when purchased are entered in the register serially without reference to their nomenclature. It is therefore suggested that a form appended to this report if found suitable may be substituted for the present one and the articles should be entered therein according to their nomenclature such as chairs, table, typewriters etc. The action taken may please be communicated to this office.

13. *Provident Fund Accounts Rate of Interest for 1953-54.*—The rate of interest applicable for the year 1953-54 was not worked out. The rate of interest viz. 5.395 per cent. which was applicable for the year 1952-53 was applied in respect of personnel whose accounts were closed finally in 1953-54. It is, therefore, requested that the correct rate applicable for 1953-54 may please be worked out early and the adjustments, if necessary, may carried out in the next year's accounts. The Provident Fund Register may also be completed in this respect.

14. *Provident Fund Ledger Folio No. 61 suspense Account of Shri H. N. Dutt:* Rs. 1,649-5-9.—The amount represents the contribution of an ex-employee Shri H. N. Dutt to the Committee's Provident Fund with progressive interest thereon upto 1951-52. In this connection it was given to understand that Shri Dutt left the service of the Committee several years back and neither he nor his legal heir has so far come forward to claim the said amount. As it is not desirable to keep the amount in suspense for years together it is suggested that the amount may be transferred to a suitable Receipt head which should be decided by the Committee.

15. The Audit Note containing minor irregularities is sent directly to the Secretary, Indian Central Cotton Committee, with the copy of Audit Report for return in original with replies.

16. An amount of audit fee of Rs. 2,555 (Rs. 2,475 being for the regular audit and Rs. 80 for the checking of the statement of unspent balances with the Committee, may be paid to the credit of Central Government under the Head "XLVI Misc." "Fee for Government Audit Central" under intimation to this office.

AWARD

Dated, the 20th day of February, 1956

This is an application under section 33A of the Industrial Disputes Act by one Shri Sibanand Banerjee, who was a Ration Clerk in the Sirka Colliery belonging to the opposite party. The complaint is that on the 1st of June, 1955 he was dismissed during the pendency of the proceedings before this Tribunal without having obtained its permission under section 33 of the Industrial Disputes Act. Prior to making the order for dismissal no charge sheet was issued against him nor any enquiry was held. The charge against him was falsely made by the Personnel Officer who bore a grudge against him. He was by threat made to sign a statement in which he admitted his guilt. The answer of the opposite party is that on 4th May, 1955 the applicant in fact instructed one Fulmoni Kamin to take five seers of wheat from the Ration Shop and the charge was not falsely made by the Personnel Officer and the allegation of his bearing a grudge against him is incorrect. It also denies that the applicant by threat and coercion was made to sign the statement.

It refuted also the allegation that no enquiry was made before the order of dismissal was passed. It further stated that the applicant was transferred to Sirka Colliery on the 1st of January, 1955 as a Ration Clerk and that he was in charge of the Sirka Colliery Ration Section. On the 4th of April, 1955 it was detected that the applicant was sending 5 seers of wheat to his house which was neither purchased by any Ration Card nor the value was deposited in the shop. On getting the information the applicant was asked to give his explanation he confessed his guilt in writing. An enquiry was held in his presence and copies of the proceedings of the enquiry were sent to the Chief Mining Engineer recommending the applicant's dismissal. Before the Chief Mining Engineer gave his decision the applicant went on leave for 19 days and on his joining he was served with a notice of dismissal on the 1st June, 1955 for his misconduct detected on the 4th April, 1955.

Admittedly no permission was obtained from this Tribunal before the applicant was dismissed and as such there was a contravention of the provision of section 33 of the Industrial Disputes Act, and this application is, therefore, maintainable under section 33A of the Act. We are therefore required to go into the merits of the complaint.

The letter written by the applicant (Annexure 'A' to the Written Statement of the Opposite Party) is as follows: "I told Fulmoni to take 5 seers of wheat for my personal use. I thought I would deposit the money afterwards. Anyhow I have done wrong; I am ready to take any sort of punishment which will be decided by the Management." This letter is alleged by the applicant to have been obtained from him by threat and coercion. Notwithstanding our drawing the attention about the nature of verification of the allegation in the written statement to Shri Pal, Advocate, appearing on behalf of the applicant and our enquiring if he was going to examine the applicant on oath or any other witnesses to prove the threat or coercion alleged and though the applicant was present before us Shri Pal did not want to examine him or any other witnesses to prove the facts alleged. The verification of the statement runs as follows:

"the statements are true to the best of my knowledge, belief and information".

The statements made in the application with this kind of verification cannot be accepted as legal proof of threat or coercion. In the absence of any such proof his case of threat and coercion used to sign the letter admitting his guilt fails. It appears from the proceedings which were not challenged that a *bona fide* enquiry was held and on the facts the management rightly came to the conclusion that the applicant was guilty of the charge. We, therefore, dismiss the application on merits, and shall award accordingly.

AWARD

Dated the 20th day of February 1956

The above two applications were taken us together with the consent of the parties.

Applicant in application No. 2 is Khas Jeenagora Coal Co. Ltd.'s Khas Jeenagora Colliery which is referred to hereinafter as "the Company". In this application the Company seeks for permission under section 33 of the Industrial Disputes Act to retrench 19 workmen working in different capacities in its Colliery on the ground that the underground working of 10 seam worked through rough incline No. 1 has reached upto the boundary and the working has practically come to an end and these 19 workmen will be affected by this closure and they will be surplus to the requirements. The Company is willing to pay the workmen the retrenchment compensation and other reliefs under the provision of the Industrial Disputes (Amendment) Act, 1953.

Certain terms of settlement were agreed upon in writing between the Company and the Union, Koyala Mazdoor Panchayat, which represented workmen regarding the retrenchment of workmen on the 23rd August, 1954. Paragraph 12 of which provides as follows:-

"Agreed that in the event of any apprehended retrenchment of workers in future either the Management of the Union will refer the matter to the Conciliation Officer (C), Dhanbad II and that the decision of the latter, which must be given within a month of the date of receipt of the reference, will be binding on both the parties."

On the basis of this agreement the Company referred the question of retrenchment of these workmen for the decision of the said Conciliation Officer on the 23rd December, 1954. The Conciliation Officer desired to have a report from the Chief Mining Inspector as to whether the statement of the Management about the closure was correct and whether there is any other suitable place in the mine where work can be provided for persons proposed to be retrenched. Some correspondence passed between the Company and the Conciliation Officer about the meetings between the Company and the Union for coming to a decision, but it did not materialise. On the 15th of March, 1955 the Company applied to the Conciliation Officer for permission to apply to the Labour Appellate Tribunal or this Tribunal where certain disputes were pending adjudication between the Company and its workmen, for permission to retrench these workmen. The Conciliation Officer expressed his opinion that would be quite in order. The Company thereupon presented this application to this Tribunal on the 23rd March, 1955 asking for permission to retrench these 19 workmen. In the meantime during the pendency of this application on the 13th of July, 1955 certain terms of settlement were agreed upon between the Company and the Koyala Mazdoor Panchayat which was representing the workmen in the application before this Tribunal. It was provided in the said terms of settlement that 12 of the workmen who were going to be affected by the retrenchment will be absorbed in suitable jobs while three of the workmen will accept retrenchment on payment of compensation and two others left their services on their own accord which was recorded and it also provided that Bharat Prasad Singh the applicant in application No. 20 under section 33A of the Industrial Disputes Act, will be retrenched with effect from the 15th July, 1955 and paid retrenchment compensation under the Act. A copy of this agreement in writing was filed before the Conciliation Officer but no order was passed by the Conciliation Officer. On the strength of that agreement the Company terminated the services of Bharat Prasad Singh offering to pay him the retrenchment compensation. On the same date an application was made to this Tribunal for withdrawal of their application under Section 33 on the ground that the dispute has been settled. No order was passed on that application permitting the applicant to withdraw it. It may be mentioned that this application was contested on behalf of the workers and Sri Mahesh Desai and Sri Brahmanand Lal of Koyala Mazdoor Panchayat were authorised to represent the workers including Bharat Prasad Singh.

On the 29th of July, 1955 Bharat Prasad Singh made the application under section 33A in connection with his retrenchment. This application is the application No. 20 of 1955. His case is that he is not a member of the Union, Koyala Mazdoor Panchayat and he did not authorise the persons named before to enter into any settlement to his detriment and the settlement is not binding on him. He has also alleged that in retrenching him the Company did not follow the procedure for retrenchment as provided in section 25(g) of the Industrial Disputes Act, which provides that in the absence of any agreement between the employer and the workmen in this behalf the employer shall ordinarily retrench the workmen who was the last person to be employed in that category. In his affidavit filed on the 23rd September, 1955 he mentioned 7 persons, 2 of whom were Clerks and 3 Munshis and 2 night Guards all of whom were Junior to him in service. He has alleged that he has been wrongfully retrenched in violation of the principles of law and natural justice. Shri Mallick who appears on behalf of

the Company has admitted before us that in fact the applicant is senior in point of time to all these 7 persons. He contends that under section 18 of the Industrial Disputes Act a settlement arrived at in the course of conciliation proceedings under this Act or an Award which has become forceable shall be binding on all parties to the dispute and as such the applicant cannot legally contend that he is not bound by the settlement by which he was to have been retrenched.

We shall take up first of all the question as to whether the provisions of section 25(g) of the Act have been violated. It is contended on behalf of the Company that the applicant was a Depot Chaprasi and amongst the Depot Chaprasis he is the junior most, although it is admitted as has already been stated above that the 7 persons whose names had been mentioned in the applicant's affidavit were junior to the applicant in point of time. The question necessarily arises as to which category the applicant belonged to at the time of retrenchment. In the application the applicant described himself as a Loading Clerk. In its statement the Company stated that the applicant was designated as a Clerk but was working as a Depot Chaprasi since his appointment excepting only for 5/6 days during the absence of Abdesh Pandey the attendance Clerk of the Colliery, where he worked in his place and thereafter reverted to the work in the Depot. In the statement the Company did not dispute the description of the applicant as Loading Clerk as given in the Cause Title. In several admitted letters and exhibited before us addressed by the Company to the applicant dated 6th April, 1955, 3rd April, 1955 and 15th July, 1955 the last of which is the dismissal letter the applicant has been described as a Loading Clerk. In support of its claim the Company has produced a number of vouchers showing the receipt of wages and on the back of the vouchers appear the signatures of the applicant as having received such wages. In the vouchers he was described as Depot Peon which is written in English. From this it is contended on behalf of the Company that the applicant has admitted indirectly that he was a Depot Peon. The description of the applicant was not written by him but by somebody else. There is no proof before us that he had read that portion of the voucher and we believe that he was concerned with getting his wages and in acknowledgment of that he merely signed his name in the back of the voucher without noticing what he was described as. Moreover we are concerned to what category of workmen the applicant belonged at the time of dismissal. The documents relied on by the Company are of a previous date. The letter of dismissal itself refers to him as a Clerk. We must therefore have to hold on the evidence before us that he was a Clerk. As it is admitted that two Clerks whose names are mentioned in the affidavit are junior to him it necessarily follows that the provision of section 25(g) was not adhered to in retrenching the applicant.

The question then arises as to whether the applicant is bound by the settlement in which it was agreed between the Company and Shri Brahmanand Lal, General Secretary, of the Koyala Mazdoor Panchayat that the applicant should be retrenched from the 15th July, 1955. The statement of the applicant that he was not a member of the Union, Koyala Mazdoor Panchayat while all others were, has not been contradicted on behalf of the Company. That being so it is open to the criticism that the Union was more anxious to secure the interest of its members than the non-member and that is why while the interest of others were safeguarded the interest of the applicant was ignored. Apart from that the other question which is of great importance is as to whether in the absence of direct authority a person who represents the workmen is entitled to enter into any agreement in a dispute which is detrimental to his interest. The power to represent as appears from the letter of authority was a general power intended to contest the application under section 33 which was presented by the Company. It did not specifically authorise the representative to settle the dispute without his knowledge or consent. The more important point is that even assuming that the power given by the applicant authorises the Union to represent him before this Tribunal though he is not a member of the Union it does not certainly authorise the Union to represent him in any proceedings other than the proceedings before this Tribunal. The agreement filed before the Conciliation Officer is not binding on the applicant. In the circumstances we are not inclined to hold that the applicant was bound by the agreement entered into as aforesaid.

We are satisfied that there has been a contravention of section 33 of the Act is not obtaining permission from this Tribunal before the applicant was retrenched and the agreement was not binding on the applicant. We therefore award that the applicant be reinstated and paid all wages due to him since the date of retrenchment namely, the 15th July, 1955 till he joins his duty. The applicant should report for duty within 15 days from the date of this Award.

In the circumstances application under section 33 fails and the Company is directed to pay the costs of both these applications which we assess at Rs. 100.
